Hi, my name is Chetna and I'm an upcoming new artist from the USA who loves to sing and write music. I hope you like the catchy melody, and unique composition of this song.

I've been writing music since I was 11 and have loved it every step of the way. I've been lucky enough to perform my songs for my friends and family, but I hope to sing for millions of people who love my work just as much. My inspirations came from some of my favorite artists like Ariana Grande, Khalid, Rihanna, Doja Cat, and many more! My favorite memories with music have been the ones in the studio recording songs for my album and experimenting with my voice and coming up with cool harmonies. I love to be creative and different and do something unique to stand out in the music industry.

My main goal with my music is to make people feel good and have a good time and I hope I can continue this journey to inspire and bring positive energy to others!

I founded a non-profit charitable organization 'Shape A Life' in 2019 to help people without homes and senior citizens. I also love traveling. I have visited 40 countries.

Dance with me was a song that I decided to create when I found out I was having a sweet 16. I was searching for some father-daughter performance songs to dance to at my sweet 16, but I didn't find anything that resonated with me. I decided to create a song that I felt resembled my relationship with my dad and we danced to this song for my sweet 16.
