**Hi, my name is Chetna and I'm an upcoming new artist from the USA who loves to sing and write music. I hope you like the catchy melody, shiny beats, and unique composition of this song.**

I've been writing music since I was 11 and have loved it every step of the way. I've been lucky enough to perform my songs for my friends and family, but I hope to sing for millions of people who love my work just as much. My inspirations came from some of my favorite artists like Ariana Grande, Khalid, Rihanna, Doja Cat, and many more! My favorite memories with music have been the ones in the studio recording songs for my album and experimenting with my voice and coming up with cool harmonies. I love to be creative and different and do something unique to stand out in the music industry.

My main goal with my music is to make people feel good and have a good time and I hope I can continue this journey to inspire and bring positive energy to others!

I founded a non-profit charitable organization 'Shape A Life' in 2019 to help people without homes and senior citizens. I also love traveling. I have visited 40 countries.

Miss somebody is a song about being away from someone and not knowing when you'll see each other again. It's about realizing that long distance isn't going to work out and now you're both on different paths in life heading in different directions. It's about deleting all contact from this person you once knew and loved and now starting a new journey on your own and still missing that person on the inside.
