Hi, my name is Chetna and I'm an upcoming 19-year-old new artist from the USA who loves to sing and write music. I hope you like the Electro Pop characteristic, extremely shiny beats, and unique composition of this song.

I've been writing music since I was 11 and have loved it every step of the way. I've been lucky enough to perform my songs for my friends and family, but I hope to sing for millions of people who love my work just as much. My inspirations came from some of my favorite artists like Ariana Grande, Khalid, Rihanna, Doja Cat, and many more! My favorite memories with music have been the ones in the studio recording songs for my album and experimenting with my voice and coming up with cool harmonies. I love to be creative and different and do something unique to stand out in the music industry.

My main goal with my music is to make people feel good and have a good time and I hope I can continue this journey to inspire and bring positive energy to others!

I founded a non-profit charitable organization 'Shape A Life' in 2019 to help people without homes and senior citizens. I also love traveling. I have visited 40 countries.

This song was inspired by all the early 2000s pop music, which gave off fun party vibes. Missing that era made me want to create a song that reminds people to have fun and party like in the old days. Get closer is a song about the feeling of being at a party and wanting to escape and be in that state for a longer period. My main goal for this song was to make people happy and want to go out and have fun!

My songs were featured on:
